**Box: Non-Fee Amendment**

Dear Sir:

In response to the Office action dated April 23, 2002, the following amendments and remarks are respectfully submitted in connection with the above-identified patent application:

**IN THE CLAIMS:**

Please cancel claims 38, 50 and 62 without prejudice or disclaimer of the subject matter thereof.

Please amend claims 27, 40, 52 and 64-66 as follows:

27. (Twice Amended) A method for training a user, the method comprising:  
receiving control information having at least one training instruction regarding  
at least one task to be performed as part of a training exercise;
